7. [] Furnished to Mr. Kelleher, House
Armed Services Committee staff, the proposed letter from the Director to
the Comptroller General concerning approval of the scheduled disposition
of financial records together with a possible draft of a letter from Chairman
Rivers to the Comptroller General. I indicated that after he had a chance
to study this I would be back in touch to see if there were any problems.

Also delivered to him, for the Chairman, in the absence of
Mr. Blandford, a copy of the NEW YORK TIMES article of 20 August on
Soviet testing of re-entry of weapons from space and gave him a little of the
background on this.

8. [] Talked to Mr. Darden, Senate Armed
Services Committee staff, about the possibility of the Director briefing
Chairman Russell. Darden said he would be happy to raise this the next
time he visits the Chairman.

Darden also asked about the individual, Jordan, who was found
drowned in Czechoslovakia, inquiring if this was one of our people. I
advised him that this was not the case.

Mr. Darden also asked about apparent controversy in the intelligence
community on figures relating to North Vietnamese forces in South Vietnam.
I gave him what I termed an over-simplified explanation of this problem which
he said was helpful to him.
